## PROFESSIONAL SUMMARY

Full-Stack Software Engineer with hands-on experience building and deploying end-to-end web applications. Built a restaurant POS system used in daily operations, a multi-vendor e-commerce platform with PayPal payments and real-time messaging, a real-estate platform with Google OAuth, and a Next.js + TypeScript dashboard. Focused on developing practical software through frontend development, backend APIs, database integration, and deployment.

## PROJECTS

**MERN Multi-Vendor E-commerce Platform** | e-commerce-shop-232n.vercel.app

- A full-stack marketplace with separate customer and shop experiences.
- Features include product search, cart, wishlist, checkout, orders, reviews, refunds, and shop-side product, inventory, and order management.
- JWT authentication, role-based authorization, real-time messaging with Socket.IO, PayPal payments, and Cloudinary image storage.

**Lahori Lason — Restaurant POS System** | lahori-lason-fast-food-397m.vercel.app

- A restaurant POS system used for daily order and sales operations.
- Staff authentication, menu management, order processing, printable receipts, invoice tracking, and earnings dashboard.

**FizaEstate — Real Estate Platform** | mern-estate-theta-woad.vercel.app

- A full-stack real-estate platform with property listing management, search and filtering, favorites, and Google OAuth.
- Uses Redux Toolkit and Supabase image storage.

**BizBoard — Business Dashboard** | bizboard-gilt.vercel.app

- A Next.js + TypeScript dashboard featuring business metrics, products, orders, and analytics.
- Demonstrates App Router, Server/Client Components, and an API Route Handler using mock data.

**Trippy — Tour & Travel Website** | frabjous-lamington-59bff7.netlify.app

- A responsive tour and travel website featuring destinations and a recent tours section.
- Built with HTML, CSS, JavaScript, and React; deployed on Netlify.

## TECHNICAL SKILLS

**Frontend:** React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Redux Toolkit

**Backend:** Node.js, Express.js, REST APIs, JWT Authentication

**Database & Storage:** MongoDB, Mongoose, Supabase

**Services & Integrations:** Firebase Google OAuth, Socket.IO, PayPal, Cloudinary

**Tools & Deployment:** Git, GitHub, Vercel, Netlify, Railway, Vite

**DevOps & Infrastructure:** Docker, Docker Compose, Kubernetes, GitHub Actions, AWS, Linux, Nginx, SSH

## CERTIFICATIONS

- Dev Weekends Fellowship Certificate — July 2026
- MS Office Certificate — Sunshine School, Gujranwala

## LANGUAGES

Urdu — Native | English — Proficient

## EDUCATION

**BS Information Technology** — Government College University Faisalabad (GCUF), 3rd Year
**Intermediate** — Punjab College, Gujranwala Campus
